A. Classification by Scientific Field

	Field of Science		Scientific / Artistic Branches
I.	Agricultural sciences	1	Veterinary sciences
	Agricultural sciences	2	Animal husbandry sciences
	Agricultural sciences	3	Food sciences
	Agricultural sciences	4	Forestry and wildlife management sciences
	Agricultural sciences	5	Crop production and horticultural sciences
II.	Humanities	1	Philosophy
	Humanities	2	Literary and cultural studies
	Humanities	3	Art history and cultural history
	Humanities	4	Art studies
	Humanities	5	Ethnography and cultural anthropology
	Humanities	6	Educational sciences
	Humanities	7	Linguistics
	Humanities	8	Psychological sciences
	Humanities	9	History
	Humanities	10	Religious studies
III.	Theology	1	Theology
IV.	Engineering and technology	1	Agricultural engineering sciences
	Engineering and technology	2	Materials sciences and technologies
	Engineering and technology	3	Bioengineering, environmental engineering and chemical engineering sciences
	Engineering and technology	4	Architectural engineering sciences
	Engineering and technology	5	Civil engineering sciences
	Engineering and technology	6	Mechanical engineering sciences
	Engineering and technology	7	Computer and information sciences
	Engineering and technology	8	Military engineering sciences
	Engineering and technology	9	Transport and vehicle sciences
	Engineering and technology	10	Electrical engineering sciences
V.	Arts	1	Architecture
	Arts	2	Film and video arts
	Arts	3	Applied arts
	Arts	4	Fine arts
	Arts	5	Multimedia arts
	Arts	6	Theatre arts
	Arts	7	Dance and movement arts
	Arts	8	Music arts

	Field of Science		Scientific / Artistic Branches
VI.	Medical and health sciences	1	Health sciences
	Medical and health sciences	2	Basic medical sciences
	Medical and health sciences	3	Pharmaceutical sciences
	Medical and health sciences	4	Clinical medical sciences
	Medical and health sciences	5	Sport sciences
VII.	Social sciences	1	Law and political sciences
	Social sciences	2	Business and organizational sciences
	Social sciences	3	Military sciences
	Social sciences	4	Economics
	Social sciences	5	Public administration sciences
	Social sciences	6	Media and communication sciences
	Social sciences	7	Political sciences
	Social sciences	8	Regional sciences
	Social sciences	9	Law enforcement studies
	Social sciences	10	Sociological sciences
VIII.	Natural sciences	1	Biological sciences
	Natural sciences	2	Physical sciences
	Natural sciences	3	Earth sciences
	Natural sciences	4	Chemical sciences
	Natural sciences	5	Environmental sciences
	Natural sciences	6	Mathematics and computational sciences
	Total:	55	

B. Study Fields[1]

For applicants to bachelor's and master's (one-tier) programmes,
for taking academic results into account

	Study Field
1.	Agriculture
2.	Public administration
3.	Humanities
4.	Economic sciences
5.	Informatics
6.	Law
7.	Engineering
8.	Arts
9.	Arts mediation
10.	Medical and health sciences
11.	Teacher training
12.	Sport sciences
13.	Social sciences
14.	Natural sciences

[1] Based on Decree 18/2016. (VIII. 5.) of the Ministry of Human Capacities amending Decree 8/2013. (I. 30.) EMMI on the training and outcome requirements of higher education vocational programmes, bachelor's and master's programmes, as well as the common requirements for teacher preparation and the training and outcome requirements of individual teacher specialisations.
